

PETAVERSE RISK FACTORS

DISCLOSURE OF CERTAIN RISK FACTORS ASSOCIATED WITH BLOCKCHAIN BEP-20 UTILITY TOKEN PURCHASE

The Token Purchaser understands that the purchase of or subscription for Blockchain Tokens involves substantial risk, including, without limitation, the following :

- The Company has a limited operating history.
- The Company maintains sole discretion in the conduct of its business, including as related to its offer, maintenance, and use of any Blockchain Tokens. The Purchaser will not have the ability to influence the performance or decisions made by Company.
- The purchase of Blockchain Tokens is subject to severe constraints on liquidity. At the time of the Token Distribution Event, there is no market for the Blockchain Tokens and such a market may not develop. The Purchase of Blockchain Tokens is suitable only for sophisticated and experienced Purchasers who are financially able to maintain their tokens for an indefinite period of time and who can afford a loss of their entire Purchase Amount.
- Purchase of Blockchain Tokens is highly volatile and speculative and considered highly risky. In particular, the Purchaser understands and accepts the inherent risks associated with Blockchain Tokens, including, but not limited to, risks associated with (a) decentralization of the Blockchain Tokens; (b) money laundering; (c) fraud; (d) high volatility; (e) anonymity of transactions; (f) exploitation for illegal purposes; (g) theft; (h) instability and other flaws of Blockchain Tokens exchanges or brokers/custodians; (i) the lack of regulation of Blockchain Tokens as of the date hereof.

- The Purchaser understands and accepts that the software and hardware, technology and technical concepts and theories usually used by issuers of Blockchain Tokens are still in an early development stage and unproven, there is no warranty that the technology will be uninterrupted or error-free and there is an inherent risk that the technology could contain weaknesses, vulnerabilities or bugs causing, inter alia, the complete loss of the Blockchain Tokens and the Purchaser's entire Purchase Amount.
- The Purchaser understands and accepts that the blockchain technology on which most Blockchain Tokens are based, allows new forms of interaction and that it is possible that certain jurisdictions will apply existing regulations on, or introduce new regulations addressing, blockchain technology-based applications, which may be contrary to any setup of the purchase process and which may, inter alia, result in an adverse effect to any purchase, including the termination and the loss of all of the Blockchain Tokens and the Purchaser's entire Purchase Amount.
- The Purchaser understands and accepts that the distribution of a Blockchain Token and the development of projects financed by the sale of Blockchain Tokens, to the extent there are such projects, may be abandoned for a number of reasons, including but not limited to failure of the project, lack of interest of the industry and/or the public, lack of funding, lack of commercial success or prospects (e.g. caused by competing projects), etc. The Purchaser, therefore, understands that there is no assurance that, even if such project is partially or fully developed and launched, the Purchaser may receive any functionality through the Blockchain Tokens held by him, and that they may become worthless. The Purchaser further understands and accepts that a project financed by the sale of Blockchain Tokens, may give rise to other, alternative projects, promoted by third parties unaffiliated to the issuer of the Blockchain Token, under which the Blockchain Tokens will have no intrinsic value.

THE FOLLOWING DIAGRAM SHOWS THE USE CASES AND UTILITY VALUE OF PETA TOKENS AS MECHANISM OF GAME ACCESS, GAME PLAY AND EARN REWARD AND HAS A CLEAR UTILITY VALUE OF ITS USAGE WITHIN PETAVERSE.GAMES PLATFORM. IT DOESN'T HAVE ANY SECURITY OR RELATED VALUE WHATSOEVER.

Use \$PETA to buy digital assets of the metaverse and also lay ownership of specific titles and gameplay entitlements

Petaverse is a pet Metaverse that combines DeFi, collectibles, and gamers' personalities.

Own a land in Petaverse, rent or build your own villa

Create an avatar of your pet and convert it into NFT using \$PETA you can also use the available pet & monster images to customize and create NFTs and characters

Real world pet products, insurance, vet services ,and counseling services to different pet owners who need help.

Use \$PETA to feed your pet and monsters and help them grow stronger through exercises and trainers.

Use \$PETA to forge and own weapons in the Pet Gym and build a strong army.

\$PETA is the main in-game currency. PETA revolves around a core loop of engaging gaming activities such as collecting, breeding, evolving, battling plus improving the Pets and their special qualities

The More \$PETA, the faster you move through gaming levels. We use the concept of Levels to break down the game progress into smaller parts. This mechanism complements our human tendency for short-term rewards.

Use \$PETA and create a new generation of pets by breeding any two pets.

Curated Pre-sale of premium pet NFTs for the community through this marketplace

Once a graphic is uploaded and NFT made by a Pet Owner, \$PETA token holders will have the discounted price to buy those pets' NFTs.

Each pet is an NFT (Non-fungible Token) that can be collected, nourished, and armed with weapons to battle with other pets.

To Mint an NFT, one can use stable coins or BNB but if they use the native token \$PETA they get a lesser cost of minting.

Rescue centers or rescuers can create a crowdsource project, E.g. to save and maintain a rescued pet until it gets a pet parent.

A percentage of the NFT sale proceeds will be used for supporting pet care centers, E.g. feeding all pets in the rescue center for 1 day.

10% of the NFT sales will be going to the Pet Care Foundation. and research foundations. Research and grants for pet sustainability and living using blockchain and crypto metaverse

Relive memories of your pet through VR. Take part in pet fairs, competitions, and other events to win \$PETA

DISCLOSURE OF CERTAIN RISK FACTORS ASSOCIATED WITH BLOCKCHAIN TOKEN PURCHASE

The Token Purchaser understands that the purchase of or subscription for Blockchain Tokens involves substantial risk, including, without limitation, the following :

- Blockchain Tokens are usually accessed using a private key that corresponds to the address at which it is stored. The Purchaser understands and accepts that if the private key or the “seed” used to create the address and corresponding private key got lost or stolen, the obtained Blockchain Tokens associated with the Purchaser's address might be unrecoverable and will be permanently lost.
- The Purchaser understands and accepts that the underlying software application and software platform of Blockchain Tokens, the internet, the blockchain network, the Purchaser, and other involved software, technology components, and/or platforms concerned with Blockchain Tokens may be exposed to attacks by hackers or other individuals that could result in theft or loss of the Blockchain Tokens and the Purchaser’s entire Purchase Amount.
- The Purchaser understands and accepts that public blockchain-based systems depend on independent validators, and therefore may be vulnerable to consensus attacks including, but not limited to, double-spend attacks, majority voting power attacks, race condition attacks, and censorship attacks. Any successful attacks present a risk to such system, expected proper execution and sequencing of the Blockchain Token transactions, and expected proper execution and sequencing of software computations, including loss of the Purchaser’s entire Purchase Amount.
- Our Company does not recommend purchasing Tokens for speculative investment purposes. You acknowledge, understand, and agree that holding PETA Tokens is not a guarantee, representation, or warranty that the holder will be able to use the Company, or receive any tokens utilized by the Company.

- PETA Tokens do not entitle you to any equity, corporate governance, dividends, voting, or similar right or entitlement in the Company or in any of its affiliated companies.
- Purchaser should acknowledge and agree that you are not purchasing PETA Tokens for purposes of investment, speculation, as some type of arbitrage strategy, for immediate resale, or other financial purposes. You acknowledge that all purchases of PETA Tokens are final and non-refundable, and the Company is not required to provide a refund for any reason and that you will not receive money or other compensation or any form of a refund, and you consent to no right of withdrawal from the IDO/IEO/ICO.
- The Purchaser understands and accepts that the commonly Blockchain Tokens networks use an in-built decentralized governance system (“Governance System”). For these reasons, it is possible that the Governance System adopts proposals that have an adverse effect on the useful functioning of such networks and/or the value of the applicable Blockchain Tokens. If a Governance System is attacked or becomes controlled either directly or indirectly by some party who makes unwise decisions, or the community generally makes unwise decisions, the value of the Blockchain Tokens might be greatly reduced or even completely lost.
- Additional Representations:
 - o The Purchaser hereby represents that neither it nor any person or entity directly or indirectly controlling, controlled by or under common control with it is a person identified as a terrorist or terrorist organization on any relevant lists maintained by governmental authorities.
 - o None of the cash or property that the Purchaser has paid, will pay the company as Purchase Amount has been or shall be derived from, or related to, any activity that is deemed criminal under the laws of any applicable jurisdiction.

LEGAL AND COMPLIANCE

Please note that you must read in full before:

- (i) making use of this White Paper and any or all information available on the website(s) of PETAVERSE.GAMES and/or
- (ii) participating in the Company's token sale outlined in Lite Paper and governing terms (the "Token Sale").

The information set forth

- (i) in the Lite Paper; and
- (ii) available on the Website (collectively referred to as the "Available Information") may not be exhaustive and does not imply any elements of a contractual relationship.

The token sale will be a voluntary process towards the building and execution of the platform and exchange. You acknowledge that all purchases of tokens are final and non-refundable, that the Company is not required to provide a refund for any reason and that you will not receive money or other compensation or any form of a refund, and that you consent to no right of withdrawal too. U.S citizens will come under the Restricted person list and are not allowed to invest on the platform as investors. These compliance checks will be done during the investor registration process and also in whitelisting.

PETAVERSE.GAMES is a platform owned by Finminity Ltd, a company incorporated on the British Virgin Island and follows the compliances of the incorporated country.

You should carefully consider and evaluate each of the risk factors and all other information contained in the Terms before deciding to participate in the Token Sale.
